Meet the Speaker

*Dr. Tojan Rahhal is a scientist and engineer with a passion for an inclusive world! She has developed several programs and curriculums to address diversity and inclusion in STEM, as well as obtained certifications in cultural competence assessments. She was recently recognized as a **Women of Color History Maker in Diversity** for her leadership in efforts to “catalyze change to help [engineering] students from underrepresented populations overcome historic barriers” Dr. Rahhal’s experience in strategic planning, particularly for groups who wish to develop a **robust plan and implementation for diversity, inclusion, and equity as well as individual team member development** shapes her services at Alliance. **She is a dynamic and engaging one-of-a-kind speaker that you want to book today!***

About Alliance

Our #1 priority is to bridge the gap for adequate diversity and inclusivity plans in companies and institutions of higher education. Alliance Professional Development focuses on cultural awareness, leadership development and soft skill development in the form of workshops, consulting services, and speaker events. We aim to use our team’s unique experience and fresh perspective to work with you and your team to

Discover the Leader in You!

Services & Packages

At Alliance, we tailor sessions based on your needs. Our most sought after package is a 3 session workshop series to meet your team where they are at and conclude which steps to create an inclusive workplace.
